

Interreg IPA Cross-border Cooperation Programme Croatia-Serbia 2014-2020

2nd Call for Proposals

Corrigendum of the Guidelines for Applicants

Please note that footnote no 19 (page 41) under section 4. Assessment and selection of Applications; subsection 4.1 Assessment and selection:

“The exception to this refers to Priority Axis 4 applications taking into account that only one programme output indicator is currently marked as underachieved (UA). Thus, for Priority Axis 4 applications addressing the only programme output indicator marked as underachieved (UA) will be treated as if they are addressing more than one programme output indicator.”

is replaced as follows:

“The exception to this refers to applications within Priority Axis 2 (Specific objectives 2.1 and 2.2) and to Priority Axis 4, taking into account that only one Programme output indicator under these Priority Axes/specific objectives is currently marked as underachieved (UA). Thus, in case of Priority Axis 2 (Specific objectives 2.1 and 2.2) and Priority Axis 4, applications addressing the only Programme output indicator marked as underachieved (UA) will be treated as if they are addressing more than one Programme output indicator.”
