Subject:

- **Approval of major change of total budget within the project HR-RS00073 INNATUS (corrigendum)**

Written consideration and adoption by MC	X

Comments:

Following the 14th Monitoring Committee (MC) written procedure, launched on 11 August 2025 and closed on 26 August 2025, and in line with Article 5(9) and Article 3(6) of the MC Rules of Procedure, the MC approved the proposed major change to the total budget of the project HR-RS00073 INNATUS.

However, after the MC approval, it was identified that the figures presented were affected by a technical error in the presentation of the national co-financing amounts for the LP Municipality of Ernestinovo. To rectify this error, on 8 September 2025, the MA proposed the 15th MC written procedure with a corrected budget distribution, while maintaining the Programme's contribution to the project (EU share of EUR 1,499,629.50) unchanged. The corrected amount of national co-financing amounts to EUR 2.429.240,49, while the corrected total project budget amounts to EUR 3.928.869,99.

The MC written procedure was originally launched as an urgent procedure (with a deadline of 5 working days), but following the request of the Serbian National Authority, the deadline was extended to the regular 10 working days. By 22 September 2025, both national delegations approved the 15th MC written procedure with no further comments. The MA shall proceed with the Addendum signature for project HR-RS00073 INNATUS.
